

SAFETY OBJECTIVES 2017

1. Maintain formal certification of our OHSAS 18001:2008 safety management system and the British Safety Council's 5 Star Safety Award.
2. Maintain Safety Registration to ANSI/AIHA Z10/CSA Z1000/OHSAS 18001 registration for our Houston Office.
3. Continue to hold regular SHEQ committee meetings.
4. Provide appropriate Workplace training to UK staff.
5. Use the Safetyhub Video Library as an aid to the safety training process
6. Hold company "Wellness Day" at Inverness HQ.
7. Promote safety suggestions through staff, clients and contractors.
8. Present safety award trophies on an annual basis to our contractors and staff who demonstrate the greatest commitment in achieving outstanding safety performance.
9. Continue with the "Working Safely in Partnership" initiative which results in our safety commitments being issued to our contractors as part of our contractual mobilisation process and requests that they also sign and return their own commitment to safety.
10. Continue to promote health and safety through stargazer magazine, internet, and collaboration with stakeholders.
11. Review ISO 45001 related documentation as it becomes available and consider the transition process from OHSAS 18001:2008.
